### SEVERAL PUT TO DEATH FOR RAIDING MORMONS

EL PASO, July 23.—United States officers, assisted by Mexican consular agents, captured the largest consignment of contraband ammunition ever taken here when they discovered four Mexicans covering boxes containing 448,000 rounds of rifle cartridges with coal in a car in the Santa Fe railroad yards. Today the prisoners, who are men of the laboring class, were arraigned before the United States commissioner. An American, believed by some of the officers to be the leader of the smuggling party, escaped, but is being hunted. The ammunition was being concealed in the coal yard of a local dealer and is believed by the officers to have been a shipment for General Francisco Villa, destined to a border point near Columbus, N. M. The estimated value of the cartridges is \$20,000. An American business man from Chihuahua, who passed through Villa's camp at Asencion Monday, states that the consignment had 1100 well drilled and thoroughly equipped cavalry, under strict discipline. Villa told the American his intention was to march to attack Juarez within ten days, when he believes his forces will be prepared to capture the town with a rush. One of Villa's officers who left El Paso today stated that the intention of the rebels is to join forces south and southeast of Juarez for the attack. In this case the fire would be directed at El Paso. The defenses placed by

the federals at the outskirts of Juarez, consisting of barbed wire "trochets" and rifle pits, is given as the reason for the change of the rebel plans.

Jose Parra and his son, leading a detachment of the Independent forces under Maximo Castillo, were captured and executed last Sunday, together with eight other men, by one of Villa's scouting parties commanded by Porfirio Talamantes, after a fight at Casas Grandes, according to an American rancher who reached here today. Parra was reported as having been on a looting expedition among the Mormon colonies in the Galeana district.

### MCKINLEY POSTCARD IS DOOMED TO DISAPPEAR

WASHINGTON, D. C., July 19.—The McKinley postcard is doomed to disappear. The features of the martyred president are to be removed to give way to those of Thomas Jefferson. Postmaster General Burleson has written to Senator Burton of Ohio that his decision in this regard is irrevocable. The senator had protested personally against the change and had forwarded to Mr. Burleson a protest from the McKinley club of Canton, O. The postmaster general replied that the people's endorsement of the author of the declaration of independence in the last election justified the change. He insisted that no slight to the memory of McKinley was intended.

### DON'T TAKE CHANCES. BUY GOODS OF KNOWN QUALITY

By HOLLAND.

HISTORY is full of warnings about buying a pig in a poke. This is only another way of saying that one should buy articles of known merit—articles that will bear inspection.

The manufacturer who advertises his goods thereby shows his confidence in them. He would not spend money to tell of their merits unless they had merits. His advertisement is an invitation to you to test his sincerity by testing his goods.

You take no chances in purchasing goods advertised in this paper. The advertisement is a guarantee of quality. Insist on having the genuine article. Something said to be "just as good" is never so good. Get the genuine—the kind that is advertised.
